PERSONAL PROJECTS

PropLedger

Live Link: <https://prop-ledger-rose.vercel.app>

Developed a decentralized real estate platform for fractional ownership of premium real estate assets using React, Vite, Tailwind CSS, Solidity, Hardhat, and Ethers.js. Implemented smart contracts for property tokenization and CAPX token vesting using the CAPShield Protocol.

Shopping Cart

Live Link: <https://luxora-shopping-cart.vercel.app>

Built a full-stack e-commerce platform with React.js, Node.js, and MongoDB. Implemented authentication, product management, shopping cart functionality, responsive UI, and REST API integration.

Tie & Style – Fashion Accessories E-commerce Website

Live Link: <https://tie-and-style.netlify.app>

Developed an e-commerce website for bows and scrunchies using React.js and Redux, with product catalog, category-based collections, shopping cart, and product purchasing functionality.

CERTIFICATIONS

LinkedIn Learning: React.js, JavaScript, Express.js, Node.js Essential Training; Learning Redux Toolkit

E-School: MERN Stack
